

Commitment

Napa Mermaid aims in working closely with the local society (communities, administrations, businesses, other organizations and individuals) for achieving sustainable development, developing the surrounding communities, and protecting the local environment, history and culture. By operating our hotel responsibly, implementing legislation and respecting our stakeholders, we create strong ties with the local society and build a respectful reputation.

Objectives

Through this policy we set the following objectives:

1. Ensure that the hotel operates legally in all aspects and implements relevant national legislation and local regulations.
2. Maintain relationships and regular communication with local authorities, chambers, unions and organizations.
3. Organize in collaboration with local society activities that promote environmental awareness and sustainability. Participate in events and actions organized by local communities.
4. Make in kind donations to local charity foundations.
5. Collaborate and purchase products and services from local companies whenever possible.

Measures

To achieve our objectives, we will:

1. Organize Environmental and sustainability events.
2. Plant local trees at a surrounding community.
3. Provide food and clothing to families in need.
4. Buy most of basic food products from local farmers and manufacturers.
5. Promote traditional and gourmet Cypriot food and dishes.
